

Outdoor Infrared Illuminator

IV-TIR-8001

Features:

- . Ideal design with attractive appearance.
- . Built in 119 IR LEDs (850nm).
- . Long distance up to 40-50 meters in night view.
- . Water resistance with solid aluminum housing.

SPECIFICATION	IV-TIR-8001
Infrared LED on	Below 10Lux
Infrared wavelength of LED	850nm
Emitting angle of LED	40°~50°
Illumination distance	50m
Blower trigger	IR LED on
Storage temperature	-30°C~80°C
Operating temperature	-10°C~60°C
Power requirements	DC12V10% or AC 90~260V
Number of IR LED	119 PCS
Power consumption	0.14A(110V)/0.08A(230V)/1.3A(DC 12V)
Dimensions	275(L) X 129(W) X133(H)mm
Weight	3000g
