

# RS485 Data Repeater

## IV-RS485AR

### Features:

- . Repeater from RS485 data signal to RS485 up to 1200 meters
- . Plug in screw terminal block for easy wiring
- . Power input from DC jack
- . Auto detected Baud rate maximum up to 115.2 Kbps
- . Red Led: Power/RX
- . Built in 2.5KV isolation protection
- . Surge protection

### Description:

RS485 Data Repeater

SPECIFICATION	IV-RS485AR
<b>DATA Input RS485 (Terminal Block)</b>	
<b>DC Input Voltage</b>	10 ~20V
<b>Power Supply</b>	DC12V
<b>Power Consumption</b>	350mA
<b>Temperature Operation</b>	0 to 55°C, Storage: -20 TO 85°C, Humidity: up to 95%
<b>Dimension W x H x D mm</b>	88 x 67 x 27.5
<b>Weight</b>	120g
<b>Material</b>	Metal Black
